- Soft Sea Foam 4 x 5 ¼, Scraps
- Very Vanilla 4 x 5 ¼ (inside), Scraps

Instructions:

- Fold Crumb Cake in half to make card base.

- Run the Soft Sea Foam layer through the lace die and then with the edge piece of the die, cut off the bottom portion of the lace.
- Adhere this layer to the card base using Multipurpose Liquid Glue in some of the larger areas of the lace.
- Punch 2 Very Vanilla Daisies, and 2 Soft Sea Foam Medium Daisies.
- Using the small stylus end of the Take Your Pick Tool and the Stampin' Pierce Mat, curl the petals of each daisy by running the stylus over each petal.
- Using mini glue dots, adhere the two Very Vanilla Daisies together by hugging them or putting the curled petals together and do the same for the Soft Sea Foam daisies and then adhere the two sized daisies together.
- Placing a Mini Stampin' Dimensional on each side of the trim, attach the daisy to the front of the card.
- Add Pearls to the center of the daisy as pictured.
- Cut out the greeting with the thanks die on a scrap of Soft Sea Foam cardstock.
- Using Multipurpose Liquid Glue, adhere the greeting to the bottom of the card front.
- Stamp a mini daisy in Soft Sea Foam ink in the corner of the Very Vanilla layer.
- Adhere this layer to the inside of the card.
- Enjoy!
